The country was gradually re-converted from 597, after St Augustine arrived from Rome to convert the pagan 'Angles into angels'. Religious differences between the indigenous 'Celtic' Church and the new 'Roman' Church were settled at the Synod of Whitby in 664. In the manuscript, native Celtic and Anglo-Saxon elements blend with Roman, Coptic and Eastern traditions to create a sublimely unified artistic vision of the cultural melting pot of Northumbria in the seventh and eighth centuries.

CORBERT EXTRABOLD ITALIC 15/17

Apart from its intrinsic value as a remarkable survival of an ancient and astonishingly beautiful work of art, the manuscript displays a unique combination of artistic styles that reflects a crucial period in England's history. Christianity first came to Britain under the Romans, but subsequent waves of invasion by non-Christian Saxons, Angles, and Vikings drove the faith to the fringes of the British Isles. The country was gradually re-converted from 597, after St Augustine arrived from Rome to convert the pagan 'Angles into angels'. Religious differences between the indigenous 'Celtic' Church

Religious differences between the indigenous 'Celtic' Church and the new 'Roman' Church were settled at the Synod of Whitby in 664. In the manuscript, native Celtic and Anglo-Saxon elements blend with Roman, Coptic and Eastern traditions to create a sublimely unified artistic vision of the cultural melting pot of Northumbria in the seventh and eighth centuries.
